

Attending IOSCO 2021 (46th) Annual Meetings

Report

Summary

The International Organization of Securities Commission (IOSCO) holds regular annual meeting once a year and invites those members of regional committees, including the Asia-Pacific Regional Committee (APRC), the Growth and Emerging Markets Committee (GEMC), the Inter-American Regional Committee (IARC), the Africa / Middle-East Regional Committee (AMERC) and the European Regional Committee (ERC) to discuss the current challenges and countermeasures in the capital market, or investor protection issues, etc.. With regard to the impacts of the pandemic, this year (46th) annual meeting will instead be held in a virtual format.

Taking parts in the IOSCO annual meeting, the FSC could take those supervisory topics as reference and draws on the experience with other members to set out the relevant policies in a timely manner. At the same time, the FSC also continues to participate actively in the IOSCO meetings and other important international activities to strengthen the cooperation and communication with foreign counterparts.
